AMD

CERTIFICATE
of RECOGNITION

AWARDED TO:

Jason Khuu

For your outstanding performance
over your AMD co-op placement.

PRESENTED BY:

The AMD University Relations Team

We'd like to thank Jason for his contributions to the User Experience and Strategy (UXG) group during his work term. Jason's technical skill in coding/scripting along with his ability to learn and understand tech stacks quickly allowed him to have a huge impact in our group. Jason is kind, respectful, intelligent, helpful and hard-working, and will be sorely missed by everyone on our team. He's truly the best student we've ever had, and we're looking forward to seeing him back at AMD post-graduation!

Shane Parfitt
